

DEAR CHEF / RESTAURANT OWNER

DEAR CHEF / RESTAURANT OWNER

As a customer it is essential to me that you sell seafood that is not caught or farmed in ways that damage the ocean or its species.

☐

I noticed that some of the seafood you serve is caught or farmed in ways that is likely to harm the ocean and the wildlife in it.

☐

Thank you for offering sustainable seafood. I look forward to recommending your business to my family and friends.

I am leaving this card after my meal or handing it in with the bill.
